

# Image *IS* everything! Maximize yours at the Landmark

The Landmark was created for professionals as a superior environment for conducting business. Thrust IV, Inc. an award winning development company, has invoked contemporary design, and innovative technology to make The Landmark a notable exception in the business world.

Convenience, affordability and efficiency are keys to the Landmark's success.

Busy professionals will appreciate the convenience of the on-site delicatessen. Sparkling fountains, indoor gardens and rays of natural light streaming through skylights into the workspace combine to create a pleasant and productive atmosphere.

Competitive rates coupled with energy efficient designs makes the office space surprisingly cost effective in today's marketplace. Amenities offered at The Landmark, include passive solar design, a climate controlled environment, ample parking and easily accessible public transportation, on-site security, showers with locker rooms as well as all of the benefits of the Shoreline Regional Park.

*If you're interested in corporate office space that projects the image you want...  
...then visit The Landmark today.*
